

Loan Application Pre-Screening

CONTACT ONE

Do you want to develop a larger customer base with a special credit offer but dread the task of sifting through the responses to separate the unqualified from the good new customer prospects?

Give us your criteria, let us take the inquiry calls and we'll become your first layer of filtration so that your staff time can be devoted to dealing with the real prospects for good new customers. When we do it, we have the capacity to keep a wide range of data about the calls so that you can further refine your marketing messages and media in future campaigns.

Contact One is an extension for your business that helps you be more efficient, more focused on what you do best. Let us show you how much we can add to your bottom line. Call an advisor at 1-888-237-4259.
